About us

A skilled worker is any worker who has special skill, training, knowledge which they can then apply to their work. A skilled worker may have learned their skills on the work experience, on-the-job training, an apprenticeship program or formal education. These skills often lead to better outcomes economically. The definition of a skilled worker has seen change throughout the 20th century, largely due to the industrial impact of the Great Depression and World War II. Further changes in globalisation have seen this definition shift further in Western countries, with many jobs moving from manufacturing based sectors to more advanced technical and service based roles. Examples of formal educated skilled labor include engineers, scientists, doctors and teachers, while examples of informal educated workers include crane operators, CDL truck drivers, machinists, drafters, plumbers, craftsmen, cooks and bookkeepers.

Privacy Policy

This Privacy Policy sets out details of the Personal Information that Chelsea Football Club collects from you and how we use that Personal Information. We also explain your rights and how to contact us if you have any questions about your Personal Information. Our main website, www.chelseafc.com Is not intended for users under 13 years . Users under 13 should instead visit www.juniorblues.com, our site designed especially for younger children.

This Privacy Policy applies to all Personal Information which Chelsea FC Plc and our affiliate and associated companies collects about you when you use our website and any of its related sites (including The Shed and Junior Blues) , or use our apps. It also applies to any Personal Information we collect if you visit us at Stamford Bridge, or otherwise interact with us. More details about the companies that make up Chelsea FC can be found in section 15 below. This Privacy Policy does not apply to Personal Information collected by our Academy , Under the Bridge , Millennium & Copthorne Hotels or the Chelsea Health Club & Spa.

Terms & Conditions

Be sure to include interactive lessons, group projects, hands-on labs, class discussions, and private chats that students can use to connect directly with their teacher. Here are some other elements that contribute to a highly-collaborative online learning environment: Video announcements, feedback, and tips.

A good online course is engaging and challenging. It invites students to participate, motivates them to contribute and captures their interest and attention. It capitalizes on the joy of learning and challenges students to enhance their skills, abilities and knowledge. A good online course is cognitively challenging.

Picking the right platform for a successful online course. Your school can't deliver successful online courses without a reliable course platform.

High class engagement. Easy access to course materials. Secure attendance tracking. Virtual office hours.
